Subject: From Nimrod - Julia Fractal

Hey,

<http://acko.net/blog/how-to-fold-a-julia-fractal/>

You need to open this with **Firefox** (not Safari) on Nili's MacBook

Scroll down, then

Click the arrows to watch the animations. Very interesting, he shows how Julia fractals and then the Mandelbrot sets are built but also discusses how Real sine etc are just 2D projections of natural 3D (complex) objects.

Nimrod
